Express Scripts Pharmacy

Express Scripts has a network of nearly 60,000 independent and chain pharmacies nationwide. When you visit a participating pharmacy, you will receive up to a 30-day supply after paying the applicable cost share (or a 90-day supply of maintenance medications through the Smart90 Program). Remember to take your Express Scripts ID card with you.

Sign up online at www.express-scripts.com/rx or download the Express Scripts Pharmacy app to your mobile device. You can easily manage your prescriptions, make payments, request refills, and check the status of your order all through your portal.

Call [877.797.9691](tel:877.797.9691) and speak with a representative today!

Specialty Medications

Accredo is a pharmacy designed to assist you with your specialty medications used to treat complex and chronic conditions. Specialty medications can be used to treat chronic, and complex conditions, such as MS and cancer. These medications may be administered orally, injected, infused, or inhaled. Depending upon the medication, it may require refrigeration.

Visit www.accredo.com and click "Find a Medication" to get started.

Please note, if you take a specialty medication, your are not automatically enrolled with Accredo Specialty Pharmacy.

MAIL ORDER PROGRAM

Smart90 Program

Maintenance medications are provided through the Smart90 Program. Smart90 is a feature of your prescription drug benefit, managed by Express Scripts.

Air Group Employees and their enrolled dependents have two ways to get up to a 90-day supply of long term maintenance medications (those drugs you take regularly for ongoing conditions). You can conveniently fill those prescriptions either through home delivery from the Express Scripts Pharmacy or via CVS, or Walgreens retail pharmacies.

To get started with Smart90:

- Contact your doctor to write a prescription for up to a 90-day supply. This is the fastest way to get your medication filled!
- Express Scripts can make outreach to your provider. Once you log in, click "Request an Rx" on the right side of the home page, follow the instructions, and an Express Scripts representative will reach out to your provider.
- Your first prescription will ship within 5-7 days after Express Scripts has received the request.
- You may also call Express Scripts toll-free at **877.797.9691**. Have your prescription number handy when you call.
- Order online at www.express-scripts.com

When You Use Mail Order to Fill Your Maintenance Medications:

- Those enrolled in the **Omnia 11 "Middle Plan"** or the **Direct Access Design 3 "High Plan"** will receive up to a 90-day (3-month) supply for two retail copays.
- Those enrolled in the **Omnia 7 HSA "Low Plan"** will receive up to a 90-day supply and may even receive greater discounts through mail order compared to the retail pharmacy.

All With Free Standard Shipping!

In addition to the savings, your prescriptions will be delivered right to your home! This will allow you to save time by ending trips to the pharmacy and waiting in line. You will also enjoy refill reminders, an auto-refill program, and ordering online or by phone.
